Part-Time Attendance / Dual Enrollment

For purposes of this policy the term “non-public school student” is any student who is enrolled in a non-public school (including a home school or private school), enrolled in another public charter school, or enrolled in a post-secondary institution.

Any non-public school student will be allowed to enroll in the Charter School and be entitled to participate in any program, curricular or extracurricular, subject to the same requirements as other students who are enrolled full-time in the Charter School and subject to the requirements set forth below in this policy.

Additionally, the Charter School shall have an option for joint enrollment in the Charter School and in an alternative school.

Non-public school students admitted to the Charter School shall only be on school property during the hours of enrollment or as otherwise indicated by the Executive Director and/or Principal. The Charter School will not be responsible for the student during non-enrollment hours or times.

Admittance

The parent/guardian of any non-public school student wishing to admit their child in this Charter School for any academic or nonacademic program must register the student and provide the following prior to acceptance of any such student:

1. Birth certificate;
2. Evidence of residency within the Charter School attendance area;
3. Immunization records or an appropriate waiver; and
4. Student records from the previously attended public school, if any, and any other records providing academic background information.

Dual enrolled students may enter any program available to other students subject to the same responsibilities and standards of behavior and performance that apply to any student’s participation.

Extracurricular Activities

The following rules apply for a non-public school student to be eligible to participate in

nonacademic school activities such as extracurricular activities:

1. Eligibility standards must be met the same as other regular full-time students;
2. The non-public school student shall achieve a minimum score on the achievement test(s) required annually by the State Board of Education for purposes of determining eligibility for the following school year. The minimum composite test score of the student must fall within the average range or higher as established by the test service utilized. The minimum score on each assessment is the fifth (5th) stanine for the battery total score;
3. A non-public school student will be subject to the same requirements as public school students regarding school attendance on the date of an activity. If the non-public school student is not scheduled to attend academic courses in the Charter School on activity days, the non-public school student's primary education provider shall provide assurance to the Charter School that such student has met the attendance requirements in the non-public school academic setting. The primary education provider shall also be responsible for the oversight of any other academic standards relating to participation in nonacademic activities.

Priority

Priority for enrollment, when school programs reach maximum capacities, will be given to students enrolled on a regular full-time basis. If a number of non-public school students request admission into the same class, they will be accepted on a first-come basis. In the event the class enrollment position of a non-public school student is needed for a regular full-time student during the course of the year, the full-time student will have priority for the position beginning with the semester after the need is identified. Students with disabilities residing in the Charter School who are attending private or home schools will be accepted in accordance with state and federal statutes.

Average Daily Attendance

Students who are dual enrolled (i.e., enrolled on a part-time basis) shall be used in calculating the Charter School's state fund, but only to the extent of the student's participation in Charter School programs.

Transportation

All non-public school students will be eligible for Charter School transportation services.
