Student Health/Physical Screenings/Examinations

The Board of Directors may arrange each year for health services to be provided to all students. Such services may include, but not be limited to:

1. The development of procedures at each building for the isolation and temporary care of students who become ill during the school day;
2. Consulting services of a qualified specialist for staff, students, and parents;
3. Vision and hearing screening;
4. Scoliosis screening; and
5. Immunization as provided by the Department of Health and Human Services.

Parents/guardians will receive a written notice of any screening result which indicates a condition that might interfere or tend to interfere with a student's progress.

In general, the Charter School will not conduct physical examinations of a student without parental consent to do so or by court order, unless the health or safety of the student or others is in question. Further, parents will be notified of the specific or approximate dates during the school year when any non-emergency, invasive physical examination or screening administered by the Charter School is conducted which is:

1. Required as a condition of attendance;
2. Administered by the Charter School and scheduled by the Charter School in advance; and
3. Not necessary to protect the immediate health and safety of the student or other students.

Parents or eligible students will be given the opportunity to opt out of the above-described non-emergency, invasive physical examination, or screening.

As used in this policy, the term "invasive physical examination" means any medical examination involving the exposure of private body parts or any act during such examination that includes incision, insertion, or injection into the body. This does not include a hearing, vision, or scoliosis screening.

Students who wish to participate in certain extracurricular activities may be required to submit to a physical examination to verify their ability to participate in the activity. Students participating in activities governed by the Idaho High School Activities Association will be required to follow the rules of that organization, as well as other applicable Charter School policies, rules, and regulations.

ALTURAS
INTERNATIONAL ACADEMY

151 N Ridge Avenue, Idaho Falls, ID 83402 | Office: 208-522-5145 | Fax: 208-522-5147
Office@AlturasAcademy.org | AlturasAcademy.org

All parents will be notified of the requirements of the Charter School's policy on physical examinations and screening of students, at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in the policy.
