Video Surveillance

Having carefully weighted and balanced the rights of privacy of students, staff, and visitors against the Charter School's goal of ensuring the safety of every student, employee, and visitor while they are on Charter School property and also safeguarding Charter School facilities and equipment, the Board of Directors hereby authorizes the use of video cameras on Charter School property as follows:

Video surveillance shall be used to promote order, to maintain the security, health, welfare, and safety of all staff, students, and visitors on Charter School property and to safeguard Charter School facilities and equipment.

The Charter School shall notify staff and students through student/parent and staff handbooks that video surveillance may occur on Charter School property. Additionally, notices shall be posted on or about Charter School property alerting those on Charter School property that the Charter School is utilizing the use of video surveillance.

Review of any video recordings is restricted to those who have a security, safety, or a legitimate educational interest.

Video recordings may become a part of a student's educational record or a staff member's personnel record. The Charter School shall comply with all applicable State and federal laws related to record maintenance and retention.

Video surveillance may be used for investigations of criminal activity by appropriate law enforcement agencies and may be used by the Charter School to investigate violations of Charter School policy.

Students or staff in violation of Board policies, administrative regulations, building rules, or law shall be subject to appropriate disciplinary action. Others may be referred to law enforcement agencies.

Video cameras may be installed in public locations as deemed appropriate by the Executive Director and/or Principal, and shall not be installed in areas with a reasonable expectation of privacy.

Audio shall not be part of the video recordings made, reviewed, or stored by the Charter School.
